

Fit 120H

Heat Recovery Ventilator

Product #: 75064

Fantech's low profile HRV is ideally suited for condos and apartments that have no mechanical room and where it must be located over a false ceiling. The Fit 120H brings a continuous supply of fresh air into a home while exhausting an equal amount of contaminated air. During winter, fresh incoming air is tempered by the heat that is transferred from the outgoing air so you save on energy costs, while during summer, the incoming air is pre-cooled if the house is equipped with an air cooling system. The Fit 120H is equipped with automatic defrost mechanisms so you can use your HRV all year round.

Fans

Two (2) factory-balanced fans with backward curved blades. Motors come with permanently lubricated, sealed ball-bearings to guarantee long life and maintenance-free operation.

Heat Recovery Core

Aluminum heat recovery core covered by a limited lifetime warranty. Core dimensions are 12" x 12" (305 x 305 mm) with a 7.7" (195 mm) depth. Our heat exchangers are designed and manufactured to withstand extreme temperature variations.

Frost Control

A preset frost control sequence is activated at an outdoor air temperature of 23°F (-5°C) and lower. During the defrost sequence, the supply blower shuts down & the exhaust blower switches into high speed to maximize the effectiveness of the defrost strategy. The unit then returns to normal operation, and continues cycle.

Serviceability

Core, filters, fans, drain pan and electrical panel can be accessed easily from the access panel. Core conveniently slides out with only 8" (203 mm) clearance.

Cabinet

24 gauge G90 galvanized steel.

Insulation

Insulated with 1 in. (25 mm) of foil-faced high density polystyrene foam an 0.25 in. (6 mm) of closed-cell foam on the top of the unit.

Filters

Two (2) washable electrostatic panel type air filters. Exhaust air filter dimensions 11.2" (284mm) x 7" (176 mm) x 0.125" (3mm). Supply air filter dimensions 11.4" (289mm) x 7.7" (196 mm) x 0.125" (3mm).

Installation

Unit is typically hung by using ceiling bracket supplied with unit. Optional chain kit available.

Warranty

Limited lifetime on aluminum core, 7 year on motors, and 5 year on parts.
