

## Key Features

- Direct replacement for Breezaire and Wine Mate
- Dynamic airflow
- 30°F temperature differential
- Flexible mounting bracket
- Advanced digital controller
- Built-in air sensor

## Specifications

| Model  | CX2200/CX2200-RPC   | CX3300/CX3300-RPC           | CX4400/CX4400-RPC | CX8800/CX8800-RPC        |
|--|---|-----------------------------|-------------------|--------------------------|
| Cellar Size (cu. ft.)                          | 300   | 650                         | 1000              | 2000                     |
| BTU/h (w/85°F air entering the condenser coil) | 1453  | 2049                        | 2962              | 4754                     |
| CFM  | 118   | 126                         | 216               | 374                      |
| Dimensions                                     | 14.25"W x 13.25"H x 16.38"D   | 14.25"W x 19.75"H x 21.63"D |                   | 16.25"W x 22"H x 22.25"D |
| Refrigerant                                    | R-134a  | R-134a                      | R-134a            | R-134a                   |
| HP   | 1/8   | 1/6+                        | 1/4+              | 1/2+                     |
| Voltage Rating                                 | 110V (20 amp dedicated circuit required)  |                             |                   |                          |
| Weight (lb.)                                   | 65  | 66                          | 67                | 74                       |
| Amps (Starting/Running)                        | 28 / 4.5  | 30 / 4.9                    | 32 / 9            | 36 / 10                  |
| dBA (Evaporator/Condenser)                     | 63 / 63   | 63 / 64                     | 63 / 64           | 68 / 68                  |
| Drain Line                                     | 3/8" Condensate (rear location only)  |                             |                   |                          |
| Installation                                   | Through the wall, partially ducted  |                             |                   |                          |
| Thermostat                                     | Advanced electronic control system  |                             |                   |                          |
| Temp. Delta                                    | 30°F temperature differential (maintains proper cellar temperature when exhaust environment does not exceed 85°F) |                             |                   |                          |
| Warranty                                       | 2-year parts and labor / 5-year compressor  |                             |                   |                          |

RPC — Rear Power Cord
